Ayanokouji Kiyotaka: A Master Manipulator

Ayanokouji Kiyotaka is a complex and enigmatic character. He is highly intelligent and possesses a deep understanding of human behavior. He is

also a master manipulator, able to control the actions of others without them even realizing it. Ayanokouji's abilities are a result of his upbringing. He was raised in a white room, a special facility where he was trained to be the perfect human being. As a result, he has no empathy for others and sees them only as tools to be used for his own gain.

Ayanokouji's manipulation skills are evident in his interactions with other students. He is able to quickly assess their strengths and weaknesses and use that knowledge to his advantage. He can also create situations that force others to do his bidding. For example, in the first volume of the light novel, Ayanokouji manipulates Horikita into helping him improve Class D's standing. He does this by making her believe that she is the only one who can save the class. As a result, Horikita works tirelessly to achieve her goals, unaware that she is merely a pawn in Ayanokouji's game.

Horikita Suzune: A Determined Leader

Horikita Suzune is another important character in Classroom Of The Elite. She is a hard-working and determined student who is determined to improve Class D's standing. She is also fiercely independent and refuses to rely on others for help. Horikita's determination is evident in her actions throughout the light novel. She is always willing to put in the extra effort to achieve her goals. She is also not afraid to stand up for what she believes in, even if it means going against the grain.

Horikita's determination is a major factor in Class D's success. She is able to motivate her classmates to work together and achieve their goals. She is also a skilled strategist, able to come up with plans that help the class overcome its challenges. Horikita's leadership skills are essential to Class

D's success, and she is a major reason why the class is able to rise from the bottom of the rankings.
