Classroom of the Elite explores a number of themes, including:

- **Class warfare:** The series highlights the divide between the different classes at the Advanced Nurturing High School. Class A students are given the best resources and opportunities, while Class D students are left to fend for themselves. This divide leads to a great deal of resentment and conflict between the different classes.
- **Social inequality:** The series also explores the issue of social inequality. Students from wealthy and prestigious families are given preferential treatment at the Advanced Nurturing High School, while students from poor and disadvantaged families are often overlooked. This inequality leads to a great deal of frustration and anger among the less fortunate students.
- **The nature of human relationships:** The series explores the complex and often contradictory nature of human relationships. Students at the Advanced Nurturing High School are constantly competing with each other for resources and opportunities. This competition can lead to distrust, betrayal, and even violence. However, the series also shows that human beings are capable of great compassion and kindness, even in the most difficult of circumstances.

Classroom of the Elite is a thought-provoking and suspenseful series that explores a number of important social and ethical issues. The series is a must-read for fans of light novels, and it is sure to appeal to a wide range of readers.
