Vol II, "The Inuit: A Cultural History," provides a comprehensive overview of Inuit culture. The book covers Inuit history, language, art, and music. It also explores the challenges facing Inuit people today, including climate change and the loss of traditional hunting grounds.

Together, Vol I and II Sastrugi Press Classics offer a rich and comprehensive view of the Arctic and its people. The books are a valuable resource for anyone interested in Arctic exploration, Inuit culture, or the history of the North.

### **Vol I: The Arctic: A History of Exploration**

Vol I of Sastrugi Press Classics begins with the earliest known human settlements in the Arctic. It then traces the history of Arctic exploration, from the Vikings to the present day. The book covers the major expeditions, including those of John Franklin, Roald Amundsen, and Robert Peary. It also explores the impact of exploration on the Arctic environment and its people.

One of the most fascinating aspects of Vol I is its exploration of the relationship between explorers and Inuit people. Explorers often relied on Inuit knowledge and skills to survive in the harsh Arctic environment. In turn, Inuit people were often exploited by explorers, who often saw them as inferior beings.

Vol I does not shy away from the darker side of Arctic exploration. It explores the many tragedies that have occurred in the Arctic, including the deaths of John Franklin and his crew. The book also examines the impact of exploration on the Arctic environment, including the of new diseases and the disruption of traditional hunting patterns.

Despite the challenges, Arctic exploration has also had a positive impact on the region. Explorers have helped to map the Arctic, and their discoveries have led to a greater understanding of the region's climate and environment. Exploration has also helped to raise awareness of the Arctic and its people.

Vol I is a comprehensive and well-written history of Arctic exploration. It is a valuable resource for anyone interested in the history of the North or the relationship between humans and the environment.

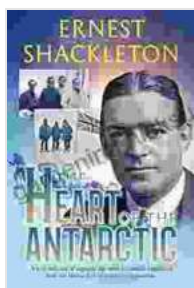

## **Vol II: The Inuit: A Cultural History**

Vol II of Sastrugi Press Classics provides a comprehensive overview of Inuit culture. The book covers Inuit history, language, art, and music. It also explores the challenges facing Inuit people today, including climate change and the loss of traditional hunting grounds.

One of the most striking things about Inuit culture is its resilience. Inuit people have lived in the Arctic for thousands of years, and they have developed a rich and complex culture that is adapted to the harsh environment. Inuit culture is based on a deep respect for the land and its animals. Inuit people are also known for their hospitality and their strong sense of community.

Vol II explores all aspects of Inuit culture, from their traditional hunting practices to their modern-day challenges. The book is filled with stunning photography and firsthand accounts from Inuit people. It is a valuable resource for anyone interested in learning more about Inuit culture and the challenges facing Arctic communities.

Vol I and II Sastrugi Press Classics is a two-volume set of books that offers a rich and comprehensive view of the Arctic and its people. The books are filled with stunning photography, maps, and firsthand accounts from explorers and Inuit people. They are a valuable resource for anyone interested in Arctic exploration, Inuit culture, or the history of the North.
